REFLECTION from Fr. Lincoln: I think that the parable of the sower of the seeds is so relevant to us today as we undertake a Eucharistic renewal in our country, as we are in the process of reimagining our ministry in our parishes in the Diocese of Jackson, and as we try to move forward in the process of evangelization in our parishes and in our Diocese. We can sow the seeds of the Gospel in different ways. Based upon the reality of the world that we are faced with today, we are called to be very creative and persistent in the way we sow the seeds of the Gospel in our words and our actions. In a recent meeting with organizing committee for the national Eucharistic Congress in

the United States, Pope Francis asserted that the Eucharist is God's response to the deepest hunger of the human heart, our hunger for authentic life, that the Eucharistic Christ comes to us in our midst to console us, to nourish us, and to sustain us on our journey. Pope Francis said that it is his hope that this Eucharistic renewal in the United States will inspire Catholics to rediscover the sense of wonder and awe of Christ's great gift to us in the Eucharist. In the different activities, liturgies, and devotions we hope to undertake this year, we want to foster within all of us a deeper faith and a deeper desire to share that faith with others. Have a blessed week everyone.
